

The Copper CowBelles will be replacing and updating our Brand Signs with brands located in Southwest New Mexico. Signs are located along HWY 180 coming from Cliff/Gila and HWY 90 coming from Tyrone. The replacement material will be expanded metal and metal brands in hopes these signs won't be blown down.

There is limited space on the Highway Brand Signs, if you would like to have your Brand on these signs, please fill in the form and return with payment (s) to:
